## Apples Are Healthful.

Stick to the great American apple as at least a harmless component part of the national dietary. It is fairly packed with the austere New England virtues. Its flavor suggests prudence and self-control, and its juices symbolize intellectual pleasures.

**Deaths From Preventable Diseases.**  
Statistics tell us that 650,000 lives are destroyed annually in the United States by diseases of the preventable class. The annual economic loss from this source is estimated at \$1,500,000,000, or six times the amount of our fire loss.

## Riches From Madagascar.

Until the recent discovery in Madagascar of kornerupine, resembling the aquamarine and the green andalusite, but of far greater brilliancy when cut, Greenland had the only known deposit of this mineral.

## Smiles That Will Come Off.

## Tribute to Hubby.

A Kansas woman posted this notice for peddlers and agents, who kept her doorbell busy: "I want absolutely nothing, every wish being supplied by a loving husband."

## Of Course Baby Cried.

"Mrs. Giddig's baby cried the other day when she wanted to take it from nurse a moment." "Yes, the poor little dear is afraid of strangers."—Judge.

**Woman's Unanimous Verdict.**  
When a man gets buncoed in some manner by a woman there is only one opinion among womankind—It Serves the Old Fool Exactly Right.

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
